

WRITING & PRESENTING IN ENGLISH

Learn how to properly write, based on international standards, & effectively make presentations

In this communications course, you will learn how to properly write in English, cite references and give attributions.

It is increasingly important that young learners / students become familiar with, and abide by the international standard when writing, submitting them for publication, and dealing with editors. Above all, knowing how to conduct a clear English presentation is an essential requirement for them.

Along with learning best practices for writing, you will also learn about “conventions and protocols” of international academia and the cultural differences between East and West.

Trainer's Profile

Ms. Barera Quadri is a masters in English (Linguistics). She is currently pursuing her M.Phil. degree in Linguistics from NED University of Engineering and Technology. She has more than six years of teaching and training experience.
